

Women's Studies

Undergraduate Minor - Course Offerings
Summer & Fall 2007

Summer 1

Mass Communications 4308 - Women and Minorities in the Media - An intensive look into the roles of women and minorities in the media.

Sociology 3350 - Men, Women, and Societies - This course examines the relationships between male and female roles throughout the world, including the United States, Europe, and third world countries. Special attention is given to changes in these roles and the consequences of such changes for societies, including familial, marital, and sexual relationships.

Fall

Anthropology 3350 - Gender and Sexuality in Cross-cultural Perspective - This course examines historical and contemporary issues related to gender and sexuality from a global, cross-cultural perspective. It will focus on cultural constructions of gender and sexuality, including gender stratifications, biology and evolution, families and kinship, work, sex work, diverse sexualities, media representations, and domestic and sexual violence.

Communication 3328 - Communication and Gender - Investigates the interactive nature of communication and gender, the creation of gender identities, and the role of gender and communication in a variety of settings. (Prerequisites: COMM 2315)

Sociology 3350 - Men, Women, and Societies - This course examines the relations between male and female roles throughout the world, including the United States, Europe, and third world countries. Special attention is given to changes in these roles and the consequences of such changes for societies, including familial, marital, and sexual relationships.
